Dear Larry and Kim,

"I love science!" "My 6-year-old son teaches *me* about science." "YSI has impacted my daughter's sensitivity to the world around her." These are just a few of the quotes from YSI summer science camp scholarship recipients and their parents.

With the help of donors like you, YSI was able to provide **22 low-income children** with a FREE week of our *award winning** summer science camp.

Thank you again for your generous donation to the Youth Science Institute. Your donation helps to support not only free camps for disadvantaged youth, but also supplemental science education for thousands of local children during the school year. *33% of the public school students we serve are low income.*

I am writing to you today to share some of the highlights and accomplishments that YSI is proud to have achieved with your help:

- o Provided 1,396 hours of supplemental science education to **28,502 children**
- o Delivered 290 science programs to **Title 1 (low-income) schools**
- o Provided 5,850 children from Title 1 schools with **FREE science programs**

On behalf of the children that have benefitted from your kindness, I extend my most heartfelt thanks.

Sincerely,

Diane M. Riccio, Ph.D.

Larry & Kim,
Thank you so
much!

*Voted Best Summer Camp by readers of the Mercury News.
